Welcome Parents of Lakewood Youth Baseball!

Lakewood baseball is a summer sport for our boys. We hope that everyone involved will have a very good time. There have been many people working very hard to get this season off on the right foot. There may be some mistakes, and some parents may not agree on what has been done, but we will listen to any reasonable suggestions. So please feel free to ask any board member for any information you may need. The League does not operate by one person...it takes all of our board members to do their jobs, and all of the parents to cooperate. So we ask parents to help all they can when called upon.

Sincerely,

MODESTO GARCIA
League President

AN OPEN LETTER TO ALL PARENTS!

I certainly don't have to tell you that baseball is a great sport. In fact, it has been the No. 1 sport in the U.S. for many, many years. And in Lakewood, it's one of the best ways we as parents can have fun with our children and at the same time...working and playing side by side...we can help them to learn good sportsmanship and how to get along better with others. At the same time...we as parents might be a little surprised to learn something from our kids too!

Many people have already devoted much of their time to this year's baseball season. As chairman of the Parents Auxiliary, I can only reflect your co-operation and support in defining our goals and agreeing upon what is important for our children and their happiness. The children themselves feel very proud when they see their parents helping at the snack bar and community picnic, selling popcorn to raise money for equipment, and cheering their heads off on the sidelines.

Good attendance at all our general meetings is also very important. You get to know...first hand...what is going on and what plans are being made. So please...feel free to call me with any of your questions. The League is not a one-man operation...it's A TEAM EFFORT and I'm just YOUR spokesman.

Sincerely,

CARLOS D. CASTILLO
Chairman Parents Auxiliary
