VILLAGER

May 1992 • Lakewood Village Neighborhood Association • Newsletter

Lakewood Village Residents:

I want to thank everyone for their hard work and effort over the last several months. I've enjoyed planting trees with everyone on various week-ends. The B-B-O was a big hit. Partners is a terrific program. I hope to meet all of you in the months to come.

We need more Block Captains in place to help address everyone's concerns.

Our next meeting we will discuss some of our goals for the coming year.

Several churches have taken an ^{active} action interest in our neighborhood. Lakewood Village Baptist & San Jose Church of Christ have spent several week-ends volunteering their time & energy in our neighborhood. We truly appreciate their efforts. Hope to see more residents helping out.

The school year is almost over, so let's make sure we keep our speed down & watch out for our little one's while driving.

I've also been busy going to City Council & Federation meetings. The Federation at the other Sunnyvale Groups meeting monthly or as needed to address current issues. The topic lately has been the general aviation proposal for Moffett Field.

We also have met with Lisa Grogh from the city on Future Study's.

See all of you at the meeting on May 21 at 7:00 P.M. Fairwood Auditorium.

L.V.N.A. President—Vicki Piazza

COMMENTS:

Hello Lakewood and Fairwood, the Clean-up Community Picnic, held on April 25, 1992, at Lakewood Park was a success. I was there with my family and neighbors. Glad to see all of you there. The clean-up efforts of Partners was a stroke of genius. GOOD WORK PARTNERS!

BBO at Lakewood Park April 25, 1992

A big thanks goes to all of the volunteers of the clean-up and the picnic. They were wonderful & I'm sure you will agree with that.

It was good to see the Mayor's Daughter, Vice Mayor and the Council Members. Knowing they share their concerns for our neighborhood.

The food at the picnic was great. Plenty for everyone, hot dog, chili, four kinds of salads, chips, even ice cream. ^{Our} thanks to the City of Sunnyvale. I was amazed at how fast the food line of all our neighbors was going, it was great how we all got (thought) it together.

The Sunnyvale Library people were there, after lunch they read a very nice story for the children, under a shade tree. What a beautiful sight that was!

The fire fighters and our officers in blue were there sparing the time to help us protect our homes from fire and theft. They also showed us the equipment that saves all our lives.

All in all it was a Great Day. - KEEP UP the Good Work Neighbors.

COMMENTS: (cont.)

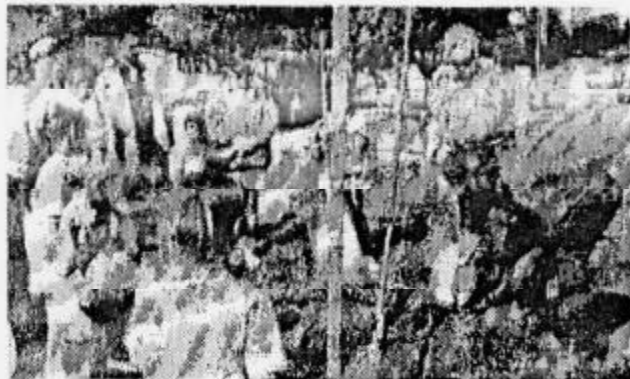

We were real pleased about the Partners Program. Sitting at the dumpster was an enjoyable morning. We met a lot of new people & ran into old friends. We appreciated seeing the community work hand & hand with the city. While we worked at the dumpster, staff checked & brought coffee to us, also Public Safety Officers stopped by to check on us. Two people from Public Works helped with the loading of heavy items. Afterward we went to the picnic & had a real good time to fulfill our day.

Jim & Helen Lane

We at Lakewood Village Baptist Church were pleased to participate in the April 25th clean-up day. A group of our members were able to man six of the dumpsters that Saturday to help neighbors get their items into the containers and make sure the dumpsters were not piled to high. We also had four men in two trucks driving to elderly and disabled peoples homes to help them clear their yards of unwanted items. But the largest group of volunteers from our church were involved in the tree planting project. Many of them commented to me how much they enjoyed working with Loren Wisor, the city arborist.

Lakewood Village Baptist Church is located at 713 Jadelake court. The focus of our ministry is the preaching of God's word, and we invite you to visit with us on Sunday at 10:00 am for bible study, 11:00 am for worship service, 6:30 pm for worship service, or Wednesday evening prayer meeting at 7:00 pm.
